Dear Sir:

For the purpose of adding to a collection I have been trying to obtain the different issues of dimes. I have not been able to find any of the years 1879 and 1880. I could not ascertain at the Subtreasury Dept. here, whether or not there was any issued in those years, and was advised then to write to the Mint. If you will give me the information and also let me know how I may obtain pieces of these issues if such were made, you will much oblige

Yours truly

Dear Sir:

For the purpose of adding to a collection I have been trying to obtain the different issues of dimes. I have not been able to find any of the years 1879 and 1880. I could not ascertain at the Sub-Treasury Dept. here whether or not there were any issued in those years, and was advised there to write to the Mint. If you will give me the information and also let me know how I may obtain pieces of these issues if such were made, you will much oblige.

Yours truly,
